EPE Machine, epe foam machine, epe foam sheet machine,epe fruit net foam machine,epe sheet bonding machine,epe sheet lamination machine and epe cover foam machine

Description:

We design and manufacture a wide range of EPE Foam Sheet Extrusion Machine, which also named as a pear cotton or bubble packing sheet. Firstly, EPE Foam Extruder converts the polyethylene granule into EPE foam sheet. After extruding process, we also have the accessory machines including EPE Foam Sheet Film Laminating Machine and Multiple layer adding machine. EPE Foam Sheet Laminating machine could adhesive other compound materials to improve EPE sheet robust, anti-moisture as well as surface smooth. Multiple layer adding machine can increase the thickness of foam sheet to reinforce the structure of EPE Foam Sheet.

Hours

Monday –Friday-8:30-5:30
